

Chavel Gayle

Bus Driver, First Bus Essex

“

I decided to become a bus driver because I really wanted a new challenge. I enjoy getting to meet new people every day and it is a pleasure to be responsible for getting them from A to B safely. It makes me really proud to tell people I am bus driver and I take great pride in my job. If I can make a difference and inspire more women to get involved and become a bus driver, it would mean everything to me.

”
