First  Bus

new tickets more choice

However you travel, we'll have
the perfect ticket for you

firstglasgow.com/fares

new tickets more choice

First  Bus

from 1st May

Our new range of flexible tickets are designed to fit into your life seamlessly and help ensure you only ever pay for the travel you need.

what's changing?

Two-Trip tickets have arrived!

Many customers who previously purchased a FirstDay Ticket, only used this to travel twice. We've introduced a Two-Trip 24hr Ticket to ensure that our customers have the right tickets to suit their needs.

The Two-Trip Ticket will store 2 x single tickets in your First Bus App wallet, and these must both be used within 24 hours of the first ticket being activated.

New Flexible Day Ticket Bundles

A flexible life needs a flexible ticket. We've created new Flexible Day Ticket Bundles based on how often our customers travel.

Existing fares

Some of our ticket prices are changing, as part of our first fare review since 2019.

what's new?

Introducing Tap On, Tap Off!

Introducing ultimate flexibility with 'Tap On, Tap Off' or TOTO, the new way to pay where you only pay for what you use.

Simply 'Tap On' with the driver as you board and 'Tap Off' using one of the new readers on board the bus as you exit.

We'll work out the single fare based on the distance you travel. And you'll only pay the fare for that journey. When you make additional journeys throughout the day, we'll cap your payments at the maximum cost of a Day Ticket.

When Tapping Off please ensure the reader lights are on. The lights will only come on when the bus is travelling at less than 20km/h.

Plus, if you travel for additional journeys in the same week, you'll unlock greater daily discounts as we calculate the fare for you based on how much you travel.

- Works with any valid credit or debit card, plus Google & Apple Pay.
- The same card or device must be used each time you use TOTO.
- Weekly calculation refreshes every Monday.
- Promotional fares are not available via TOTO.

Find out more at: firstglasgow.com/TOTO

Remember! Young people aged under 22 in Scotland are entitled to FREE bus travel

- Live bus tracking, find out where your bus is
- Our new flexible ticket range is only available on the App
- Plus plan your journeys & even see how many seats are free

Download the First Bus App now...

Tap On, Tap Off

Tap On, Tap Off or TOTO is the new flexible way to travel, meaning you only pay for what you use! Simply 'Tap On' with the driver when you board, and 'Tap Off' using one of the new on-board readers and we'll calculate your fare based on the distance you travel. When Tapping Off please ensure the reader lights are on. The lights will only come on when the bus is travelling at less than 20km/h. Additional journeys that day will cap your payment at the maximum cost of a Day Ticket, plus additional journeys made that week mean more savings!

Find out more at: firstglasgow.com/TOTO

Contactless

No need to worry about cash or change.

- Any Visa or MasterCard displaying the contactless symbol (we don't accept American Express or Maestro)
- Apple Pay (including Express Mode)
