First Bus

from 1st May

Our new range of flexible tickets are designed to fit into your life seamlessly and help ensure you only ever pay for the travel you need.

what's changing?

Two-Trip tickets have arrived!

Many customers who previously purchased a FirstDay Ticket, only used this to travel twice. We've introduced a Two-Trip 24hr Ticket to ensure that our customers have the right tickets to suit their needs.

The Two-Trip Ticket will store 2 x single tickets in your First Bus App wallet, and these must both be used within 24 hours.

New Flexible Day Ticket Bundles

A flexible life needs a flexible ticket. We've created new Flexible Day Ticket Bundles based on how often our customers travel.

Tap & Cap in Aberdeen is changing

You can now also cap the cost of two trips to our new, great value Two-Trip 24hr fare.
