changes to our fares

from 1st May

As part of our fare changes, we're introducing flexible tickets designed to fit into your life seamlessly and help ensure you only pay for the travel you need.

what's changing?

Changes to our prices

We have adjusted our fares as part of our first price review since March 2019.

Flexible ticket options

Based on how our customers travel, we've created new flexible ticket options to suit changing routines.

New tickets on the First Bus App

We've added even more tickets to The First Bus App to ensure our customers can access our full ticket range, alongside our tools to travel on the app.

some of our new fares

Due to the size of our network, we operate using fare zones.

You can visit our website to view our fare zones in more detail, and find out which ticket type you should buy in order to make your journey.
